Know Before You Go

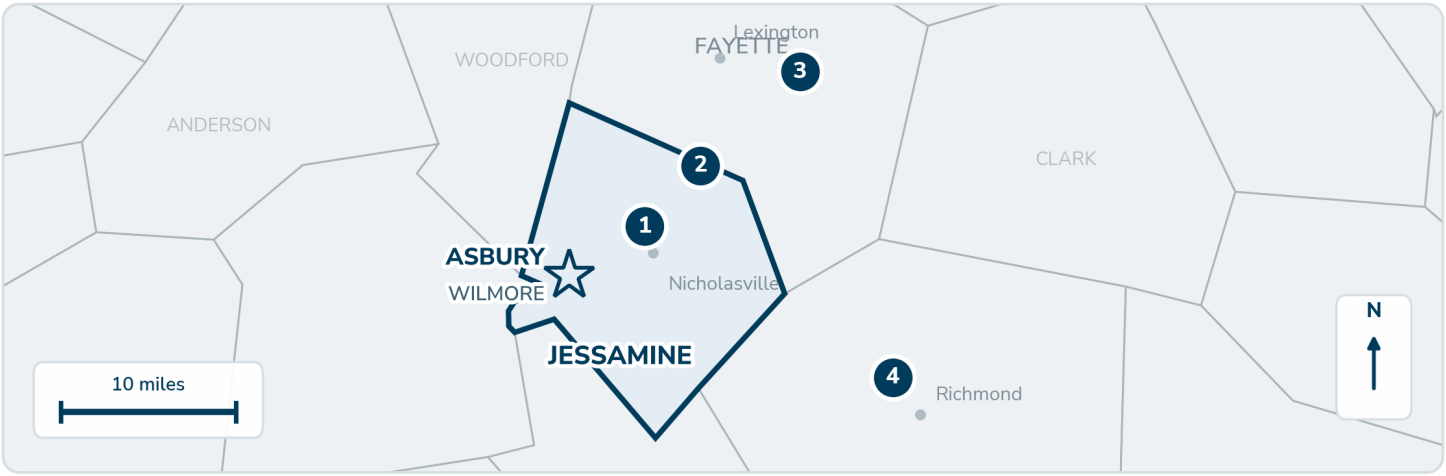

Urgent care and the emergency room share the same cost formula. The bill behind it does not.

URGENT CARE CENTER	EMERGENCY ROOM
Deductible, then 20%	**Deductible, then 20%**

Neither setting requires a flat dollar copay. For Emergency Room (ER) and Urgent Care Center visits, you are responsible for your deductible, and once satisfied, the remaining amount is subject to 20% coinsurance until your maximum out of pocket is met for the calendar year. Emergency Room visits are billed at a much higher rate than Urgent Care for comparable treatment, so your out-of-pocket costs are significantly higher when visiting an ER.

Your employer contributes $600 individual or $1,200 family to your HRA or HSA each year toward these costs.

Tier 1 (Lexington Clinic Network) deductible: $1,700 individual / $3,400 family. Tier 2 (Anthem Network) deductible: $3,400 individual / $6,800 family. Confirm your provider's tier before the visit.

In-network urgent care options identified through the Anthem provider search. Distances measured from the Wilmore campus.

ALWAYS CONFIRM BEFORE YOU ARE SEEN

Networks and tiers change. Before your visit, confirm directly with the facility that they are in network with your benefits and which tier they fall under, so you receive the best available rate. Have your member ID card with you when you call or check in.

In a life-threatening emergency, call 911 or go to the nearest emergency room.

Look it up yourself
